## LETTER OF THE WEEK

### Rate my ride

I like Mark Pollard's concept of a road test ride quality rating, and particularly appreciate the use of the Citroën 2CV as a comparator (Your Views, 18 November).

The scale, then, would obviously start at 'un cheval' (1CV), which would be like riding a horse, and ending at deux chevaux (2CV). Scoring more than 2CV would, of course, contravene the laws of physics.

Spine-compressing nonsense such as the Mercedes-Benz CLK would score about 1.05CV, while anti-fashion vehicles such as the much-lamented but supremely comfortable Rover 75 would score 1.9CV.

I commend the idea to the house.

The following link will take you to details of an excellent Heritage Transport Show on April 1st at the Kent Showground near Maidstone. Do have a look before you read on.

<http://kentshowground.co.uk/heritage-transport-show/>

I've been to this event on a number of occasions but have been disappointed that sometimes my Citroen has been the only one there. (Both the Nomad and the Ami 8 have attracted a lot of attention!)

If you enter your vehicle you get free entry for two people to the event, which has a huge variety of entrants - buses (free rides!), coaches, tractors, commercials, cars, cycles - motor and pedal - and various stalls and autojumble. (Many more details on the website.) Even if you don't book in advance and get free admission, you can turn up on the day and put your car on display. It's very laid back - no concours or prizes, but a really good day out.

There is overnight camping available - see the website.

Let's see if we can get a good group together so that my little Ami doesn't feel so lonely this year!

If you care to let me know that you and others are coming, I will contact the organisers and arrange for us to park together. If you have any other questions, not answered on the website, feel free to contact me.

I know it's on April 1st, but this is a real event, NOT an April Fool, or even a Poisson d'Avril!
